

NOTICE PUBLIC PICKET OF ESKOM

Members of the community are hereby informed that ESKOM has made application to the National Energy Regulator South Africa to increase its **ELECTRICITY TARIFF'S BY 35%** for 2010 /2011 to 2012. Eskom is South Africa's biggest emitter of the greenhouse gases that cause climate change, and want to continue increasing their emissions by expanding their coal fired power stations.

The SDCEA and Climate Justice KZN informs you of a picket to pressure the National Energy Regulator South Africa [NERSA] to refuse ESKOM's application .

The issues that will affect you in the Application are:

- **Eskom's proposal will result in a Tariff increase of 35%**
- **Eskom wants to expand dangerous, polluting coal & nuclear power causing future high prices & deterioration of the general state of electricity provided in our community**
- **Eskom's proposals will lead to an increase in greenhouse gas emissions resulting in pollution & climate change**

The Picket details are as follows:

DATE: Tuesday 16th February 2010

TIME: 9.00AM

VENUE: MENSTON ROAD WESTVILLE

It is now or never! We need to stand up and be counted as they will just bulldozer this application through.

For Further Information call SDCEA: 031-4611991/0839826939 OR email sdcea3@mail.ngo.za
